2. BUSINESS REVIEW AND PROSPECTS

Upon completion of the Subscription, the Redemption, the Repayment and Waiver and the Disposal, the liquidity position of the Group has improved.

During the five months ended 30 June 2014, the Group's operations are being categorised into two divisions: property investment and hotel management. Both divisions are located in Fujian Province, the People's Republic of China (the "PRC").

2.1 Property investment

In respect of the property investment division, the Group has generated its revenue mainly by leasing out properties held in Fuzhou City of Fujian Province in the PRC to independent tenants through 福建佳成置業發展有限公司 (Jiacheng (Fujian) Investments Co., Ltd.*) ("Jiacheng Fujian") and Faith Stand (China) Limited ("Faith Stand China"), two wholly-owned subsidiaries of the Company. The property leasing business of Jiacheng Fujian and Faith Stand China have been improving in recent years.

Jiacheng Fujian also made investments in 福建中青創業投資有限公司 (Fujian Channel Capital Co., Ltd.*) and 佳信(福建)光電科技有限公司 (Jiaxin (Fujian) Opto-Electronic Technology Co., Ltd.*). Both companies are private entities incorporated in the PRC and engage in property development in 海西高新技術產業園區 (New & High Technology Industry Zone*) located in Fuzhou City of Fujian Province. The Central People's Government of the PRC had laid down concrete measures to promote the construction and encourage the development of this economic zone.

2.2 Hotel management

保成(福建)酒店管理有限公司 (Vast Glory (Fujian) Hotel Management Limited*) ("Vast Glory Fujian"), concluded a hotel management contract with an independent third party to provide hotel management service for a hotel in prior year. This subject hotel, which is under construction, is located on Pingtan Island, Fujian, the fifth largest island in China. The expected commencement date of operation of the hotel is in the third quarter of 2015. The Company believes that upon the commencement of operations of the subject hotel, the hotel management business of the Group will generate steady revenue for the Group.

As the Central People's Government has laid down concrete development plans for the coastal area in Fujian Province, Fujian Province ushers in better development opportunities. This will certainly be beneficial to the development of the real estate industry and the hotel industry in Fujian Province.

MANAGEMENT DISCUSSION AND ANALYSIS

2.3 Discontinued operations of the sales of dye-sublimation printed products

Previously, the Group also engaged in the manufacture and sales of dye-sublimation printed products through Rakupuri Inc. (“Rakupuri”). Despite the fact that Rakupuri had successfully derived profitable results for two consecutive years, having considered that (i) it had failed to successfully implement a number of important business expansion plans for its sublimely dyeing and zipper businesses as envisaged; (ii) the Company could not foresee any particular change in factors that could potentially stimulate the growth of Rakupuri in the coming years; and (iii) the completion of the Disposal (which involves, inter alia, the disposal of Rakupuri) was a condition for the Subscriber to provide the Company with additional capital through the Subscription, Rakupuri was disposed of upon completion of the Disposal. Upon completion of the Disposal, results from this division have been classified as discontinued operation, in accordance with the applicable accounting standards for the period ended 30 June 2014.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Five months ended 30 June 2014

1. Corporate information

Pursuant to a resolution of the Company passed on 24 March 2014, the English name of the Company has been changed from “Buildmore International Limited” to “GR Properties Limited” and the Chinese name “國銳地產有限公司” has replaced “建懋國際有限公司”. The change of name was registered with the Registrar of Companies of Hong Kong on 7 April 2014.

2. Change of financial year end date and basis of preparation

(a) Change of financial year end date

Pursuant to a resolution of the board of directors (the “Board”) during the period, the Company’s financial year end date was changed from 31 January to 31 December. Accordingly, the next financial year end date of the Company will be 31 December 2014 and the current financial period covers the five months ended 30 June 2014. The comparative figures cover a six-month period from 1 February 2013 to 31 July 2013, which may not be comparable with the amounts shown for the current period.

The reason for such a change is to align the Company’s financial year end date with those of the Company’s principal subsidiaries which are the Group’s substantial investment.

(b) Basis of preparation

The unaudited interim condensed consolidated financial statements for the five months ended 30 June 2014 have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”), including compliance with Hong Kong Accounting Standard (“HKAS”) 34 *Interim Financial Reporting* issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). The accounting policies and basis of preparation adopted in the preparation of these interim condensed financial statements are the same as those used in the annual financial statements for the year ended 31 January 2014 except for the change in functional currency adopted by the Company, and changes in accounting policies made thereafter in adopting the new and revised Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the HKICPA, which became effective for the first time for the current period’s financial statements, as further detailed in note 3 below.

These interim condensed consolidated financial statements have not been audited, but have been reviewed by the Company’s audit committee.

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current period’s condensed consolidated financial statements.

HKFRS 10, HKFRS 12 and HKAS 27 (2011) Amendments	Amendments to HKFRS 10, HKFRS 12 and HKAS 27 (2011) – <i>Investment Entities</i>
HKAS 32 Amendments	Amendments to HKAS 32 <i>Financial Instruments: Presentation</i> – <i>Offsetting Financial Assets and Financial Liabilities</i>
HKAS 36 Amendments	Amendments to HKAS 36 <i>Impairment of Assets</i> – <i>Recoverable Amount Disclosures for Non-Financial Assets</i>
HKAS 39 Amendments	Amendments to HKAS 39 <i>Financial Instruments: Recognition and Measurement</i> – <i>Novation of Derivatives and Continuation of Hedge Accounting</i>
HK(IFRIC) – Int 21	<i>Levies</i>

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (Continued)

(a) Impact of new and revised HKFRSs (Continued)

The adoption of these new and revised HKFRSs has had no significant financial effect on these condensed consolidated financial statements.

The Group has not early adopted any standard, interpretation or amendment that has been issued but not yet effective.

(b) Change in functional currency of the Company

Pursuant to a resolution of the Board passed on 29 August 2014, the Company changed its functional currency from Renminbi ("RMB") to Hong Kong dollar ("HK\$") effective from 1 February 2014. The reason for the change in functional currency of the Company was after taking into consideration, inter alia, the share subscription in February 2014 which was conducted in HK\$. The change in function currency was prospectively applied.

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on the nature of their operations and their products and services, and has three reportable operating segments as follows:

- Property investment: this segment leases premises to generate rental income and to gain from the appreciation in properties' values in the long term. Currently the Group's investment property portfolio is located entirely in the People's Republic of China (the "PRC").
- Hotel management: this segment provides management services to hotels. Currently, the Group's activities in this regard are carried out in the PRC.
- Sales of dye-sublimation printed products: this segment engages in the manufacture and sales of the dye-sublimation printed products. These products are manufactured in Japan and sold to customers mainly located in Japan and United States of America (discontinued during the period – note 9).

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's profit/(loss) before tax, except that imputed interest on convertible bonds, as well as head office and corporate expenses are excluded from such measurement.

Segment assets excluded other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities excluded amounts due to shareholders, an amount due to a director, convertible bonds and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.
